TRITON'S CALL - NEWSLETTER

FROM THE CLUB PRESIDENT

During the January 2017 Dive Club meeting divers discussed their dives from November, since we didn't have a December meeting. Our

annual Christmas Dinner turned out very good. The food was excellent. At this time we don't have any dive trips planned. The weather is nice, but water temperatures still cold. We'll look at doing a shoreline/water cleanup and cookout in late March or April, maybe on the Ichetucknee.

At the 1 February Dive Club meeting we will review change recommendations to our club Constitution and By-Laws. Then vote on approval/disapproval of recommendations.
